VI. Guest Speakers
   A. Director of Recruitment and Engagement, LAS
      ● Guest Speaker Justin Robert Wier from Student Affairs
         ○ Contact information: jrojustin@uic.edu → LAS 110 Classrooms
      ● His work focuses on improvement and engagement of students
      ● Started the LAS 110 course for incoming freshmen
      ● He is beginning a project in the Behavioral Sciences Building to renovate a
         greenspace and has already sent a proposal to Chairperson Almendras on this
      ● His students were outside planting outside of BSB
      ● Connected with Chairperson Almendras to alert folks about what his students
         have been working on
         ○ Sustainability, functionality
      ● This renovation has been funded through UIC Students with the sustainability fee
         and the Pepsi grant
      ● He explains how he wants to continue turning this unusable space into a more
         student friendly space-- which happens to be one of the most used academic
         spaces
      ● As guest speaker, he wants to invite USG to his LAS 110 courses, and to be
         engaged by making these academic spaces more usable
      ● He emphasizes that the space outside of BSB is not being utilized to its full
         potential, and with this renovation project, it can drastically improve this
      ● His goal: to partner with USG to enhance the space to make it an asset for the
         campus
      ● Wants to first year students to his formed student panels
         ○ 1,600 students are enrolled in the LAS classes and seminars; however, he
           would still like to invite more incoming freshmen this Fall (from USG, too).
      ● Questions/Discussion
         ○ President Nidamanuri: In regards to renovating space, during wintertime,
           how is this space going to be utilized?
           ■ Guest Speaker response:
              ● Outdoor spaces to be utilized more in the
                summer/fall/springtime, but it's still being utilized during
                the colder months.
              ● This is a grassroots effort to show the impact first year
                students can have on this goal
              ● More grants need to be given for this project for this to
                even happen, though
                 ○ President Nidamanuri: How much more
                   funding?
GS Response: $150,000 can make this a reality

COS Donners: What does the timeline of this renovation project look like?

Guest Speaker Response
- They have already been working on this for several semesters
- While $40,000 has already been raised, the more they raise, the more progress they can make; the more funding/grants they get, and then, it'll be more successful.
